The story of the martyrdom of Hazrat Ali ibn Talib R.A.

Bahlul was taken cold-eyed, and he said, "There is a tradition by Hazrat Zain al-Abidin that on the night when Abdul Rahman ibn Muljam came to kill Hazrat Ali ibn Talib (R.A.) in the mosque. At that time, there was one more person with him. For some time, they engaged in conversation and then slept in the courtyard of the mosque.

When Hazrat Ali ibn Talib (R.A.) came to the mosque and woke them up so they could perform their prayers there. These two unfortunate people were woken up. Hazrat Ali ibn Talib R.A. stood for the prayer and went into prostration. Then Ibn Maljam struck the head of Hazrat Ali ibn Talib (R.A.) with his sword. The strike of the sword touched the place where there was the strike of Umar bin Abd-Wud in the battle of Trench in Madina. And due to the strike of that unfortunate person, there was harm on the head of Hazrat Ali ibn Talib (R.A.) from the headup to the eyebrow, and there was serious harm. His sword was dipped in the

poison. And for this reason he could not recover from the injury. He was martyred on the third day.

At the end he told his sons that for the lovers of this mortal world, it is better to have the company of the prophets and holy persons in this matter. If I die by this wound, then strike one time at my killer as he also struck me one time. And yes, but not to cut his body into many pieces.

Upon saying this he became unconscious. When he became conscious, he continued his last advice that "I have seen the prophet at this time, and he is saying you will be with us by tomorrow."

At that time there was a change in the color of the sky. And the earth began shaking. And due to the loudcrying of the Muslim people, the whole atmosphere was filled with it. Due to the loud hue and cry as well as mourning, nothing was heard in this matter.

And for this matter, one poet who was said to have written the best couplets in this matter wrote as follows.

The martyrdom of Hazrat Ali Bin Taleb (R.A.)
In the night, infidels, people who raised the
flag of cruelty

The martyrdom of Ali was a strike on the pillar of Islam.

It was one strike that was raided on the father of the Muslims

The house of faith was destroyed in a complete way

The sky men had removed all the crowns from their heads

The people of the world find water running as sour for this

There was found a poison in the water of the spring of life

Cruel persons killed prophet's son-in-law, made him sad

They are not done as two pieces of Hazrat Ali Bin Taleb

As well as they cut the hands of Allah, so for this matter

When sword touched forehead of Hazrat Ali bin Talib

So the forehead of the sun and moon were injured for this

As it was seen again, the miracle of the split of the moon

Hazrat Ali's forehead was split in two pieces like the moon

There were heard a loud cry of Zainab, Um Kulsoom

Due to grief, Hussain and Hasan removed their head covers

So each word of Bahlul was drawn from the grief and pain in this matter. Even Harun lost himself in this effect, and for a long time he could not speak a word from his mouth. And his head is down in this matter. Then Bahlul, putting his rag dress on his shoulder, wanted to leave that place by weeping tears from his eyes. And he told, well, Harun I am leaving your place."

Harun was alerted in this matter, and he said, "You have come to our place, and it is not good to go from here empty-handed. He gave orders to his servants to bring for him gold coins and dinars."

"No, Harun, I do not need golden coins. You return this wealth you have taken from the people. If you did not return back the nation's wealth, then there will come that day when there will be demand from the caliph, and that day the caliph will be empty-handed, and except for regret and shame, nothing will be with him." Bahlul said this, and he left from there. Harun was much affected and sat

there in a condition of regret and guilt. (From
